OFFICIAL PUBLICATION OF WINNERS CIRCLE RUNNING CLUB

JUNE 1996

Performance of the Day: Wendt Wows WCRC

WCRC patriarch Ted Wendt appreciated the confidence shown by his clubmates when they awarded him one of only five "club" entries to the BAA 100th running. He flew in from sunny Florida just for marathon weekend with all the focus of the elite athlete he is. And when all was said and done, Ted had realized his post-hip replacement dream of completing the landmark 26.2 miles. His 6:33 finish time (from the start line) made him the club's final finisher, but the true ranking of his performance is best explained by the rousing rendition of "For He's a Jolly Good Fellow" he received right after he popped his first Bud at the Lenox.

Ted called this 100th Boston his "most satisfying ever," and said he'd "never run with so much purpose."

The ever-quotable 74 year old said he couldn't wait to see the "people at the park" back in Florida, since the only ones there who believed in him were his coach, former Canadian Olympian Peter Maher, and his wife Mildred. In the words (via Ted) of Maher: "I can't respect you for you brains, because you're not too smart, but I respect your toughness, you're one tough SOB." Sounds like Pete might make a good Circle member, eh? As for Mildred, AKA "the saint," Ted says she's "never been so gung-ho about a marathon." Well, Ted, you've got the number and the medal, now get some of those octogenarian couch potatoes off their duffs and out the door!

Ted called this 100th Boston his "most satisfying ever," and said he'd "never run with so much purpose." And what does he treasure most from all this? "The respect of my peers, you can't ask for more than

1996 WCRC Grand Prix

Established to increase WCRC participation in certain races and reward endurance, the Club Grand Prix is now in its 4th year. The series runs from June to December. All Club members, preferably running in WCRC colors, score points. Total accumulated points wins. Prizes in the following categories:

Male Open (1st, 2d, 3d), **Male Masters** (1st, 2d, 3d), **Male Seniors** (1st, 2d), **Female Open** (1st, 2d, 3d), **Female Masters** (1st, 2d, 3d). Prizes are awarded at the annual WCRC election meeting in February.

Scoring is based on the following scale (based on GENERAL participation, thus

RoadKill from the 100th (not the caption for the picture!!)

Time outs: How many allowed? Did Teddy W. really run the BAA course in 5:45??? I know you're chatty, Ted, but 45 minutes with Murph? You get mulligans in golf, time-outs in hoops, so what's 3/4 hour or so to renew acquaintances? Should the clock be stopped?

Ultimate Teamwork: No Phone Booth Available Dept.: A well known Circle lass felt more than the normal headwind, when at mile 2, partially shielded by clubmates, she bared her Band-Aids to the breeze in order to remove the too-warm polypro underneath. She rightfully assumed that everyone in the dense pack would be watching their footing. This is runner-up for "Performance of the Day." Free of encumbrances, she requalified easily.

Scam Artist: Jim Coco CLAIMED to have sold his BAA number for 1500 smackers. He had the whole club believing he would run as a bandit, and talking prices for their own credentials. What would the bus passes have been worth????

Editor? Publisher? Who's on first dept.: This ain't from the 100th, but so what, I gotta put it in.....Remember last month's misspelled front page headline? Well so what, I DO. It seems the FORMER Rag editor liked his idea for a headline better than the one submitted by the NEW editor. This make Brucie ROADKILL in caps.

Postal Rumor Mill: Are the Postal Inspectors aware that not all of their team wore the Eagle colors, even after accepting all the free s**t they provided? And is it true a Postal Warm-up Suit will be raffled at an upcoming race in Merrimac?

Sailin' Away: Longtime Circle

"The Power of Women"

by Sue Galvin

The 7th Annual "Run For the Roses" 5K Road Race and Non-Competitive Walk was held on May 15th. A beautiful, sunny 63 degrees brought out a terrific field of runners. There were 400 registered runners - one short of the record, and a new record 369 finishers. All proceeds benefited THE WOMEN'S CRISIS CENTER of Newburyport and A SAFE PLACE of Portsmouth. This year's race pushed the total donation to these worthy agencies over the \$20,000 mark. A rose was given to; each participant and awards to top finishers were presented at The Winner's Circle. The raffle was fun, almost as competitive as the race itself. Racers were especially eager to win the signature "Roses" canvas bag and colorful "Power of Women" T-shirts.

The WCRC thanks the participants and
.... to promote the sport and also to help our recipient agencies put an end to domestic violence.

volunteers for their continued support of "The Run for the Roses." We would especially like to thank all the women who personally pledged money beyond the race fee and to those who took time out to gather donations from friends and family.

The WCRC organizes this event to promote the sport and also to help our recipient agencies put an end to domestic violence.

24 Hour Relay For Life

The following is a letter to all WCRC members from Jim & John Archacki, who have volunteered to co-direct the annual relay, to be held at Portsmouth, N.H., High School from 6:00 PM Friday, July 12 to 6:00 PM Saturday, July 13. Jim is a cancer survivor and both Jim & John would like to do their part for both the Cancer Society and the WCRC. The Club has been first in total distance, but last in fundraising the past two years. Let's see if we can improve this year.

Dear Winner's Circle Running Club Members,

In July is the annual 24 hour relay for

the American Cancer society at Portsmouth High School. We are looking for members to run or walk (alone or with a partner) during this non-competitive event.

As coordinators for The Winner's Circle team we will be at the track for the entire 24 hours to give support, give water, count laps and sleep.

Come one, come all. Join the fun and get a good workout while you're at it.

Anyone for Relays???

The first relay event of the season will be sneaking up on us as the summer racing season flies by. So start planning now for Lake Winnepesaukee on Saturday, September 14. Last year participation was limited by lack of captains. Still, the Mixed Masters managed to defend their championship. Lake W is 8 legs of tough hills and team spirit. Most teams car-pool around the lake (about 65 miles) supporting their teammates, and a great time is had by all. We all come back with great stories, too.

Mike McCormick and/or Ed Liebfried will be organizing things this year, so if you want to take part, let us know. Runners of all abilities are needed, and captains are SORELY needed. In the past we have fielded as many as 8 teams, in 5 different divisions. captaining a team isn't all that difficult, just someone to coordinate 7 other people with the help of the event organizers. Early entry is

The 100th Boston: Overdone Already

Well, it's over. Yeah, it was a great be- there-or-be-square type experience and all that. We've read about it in every running publication, all of which managed to get their stories out quicker than me. I was too damn tired or too damn unprofessional to take any good notes after the race. No comments. Nada.

And ya know what? Anybody who wasn't there couldn't possibly relate to any more drivell from this reporter anyway. So.....If yer wondering what the big deal was, it's too late for the 100th. Ya blew it. Shoulda qualified, or at least come along for the ride.

One note of thanks to include. Maybe more we'll see. First to Vicki Miller without whom I'd have frozen my cookies off on the long postrace walk. A SHIRT, Tom, a SHIRT. And to Sue Passler who recorded so many times and coordinated the showers at the Lenox. And to Barbara who put up with me training (and whining about the weather) all winter.

On to 1997 and the REAL 100th.

Times (Official, so bear in mind that frontrunners reached the start almost immediately, those in back may have lost 1/2 hour.) Sorry if we missed any.

GOOD JOB! To all!!

Gaudreau Enjoys Fling

Laurie Gaudreau led a small but talented group of WCRC runners at the inaugural running of the Spring Fling 5K in Durham, NH, April 27. Laurie won the Women's race overall with a 19:45 clocking. Age group wins were also recorded by Circle members Mike St. Laurent (40-44, first WC, 18:35), Tom Miller (45-49, 20:00), Vicki Miller (40-44, 21:42), and Bob Randall (55-59, but also 1st over 50 as he was quick to point out, 20:07).

All other club members present placed well up in their age groups. They included Gerry Boucher (20:06), Ginny Steckowych (20:10), Sandy DuVal (21:12), Bob Aucoin (21:29), Dan DuVal (with double stroller, 21:29), and Sue Riley (24:25).

Randall, in a post-race interview, said 'I had Miller in my sights.' Well Bobby, mayhaps you shoulda looked elsewhere, after finishing ONE SECOND behind Gerry B! Actually, St. Laurent & Miller got sent off course by a disoriented course monitor and ran an extra tenth or two. Randall, as always in the right place at the right time, tried to capitalize, but fell just short.

In other news from this race, Doug Zechel, of Saunders at Rye Harbor, said he hopes to have live Reggae music at this years 20th anniversary race. This looks like a "don't miss" race this year, so get

Bernard (the other Miller) Sends Regards

Having heard so much about the Running Circle Club members from Diane in Australia, before my arrival to New England, I had an idea of what to expect. (I wasn't disappointed!)

I didn't anticipate running the 100th Boston Marathon but I'm glad I was talked into doing so, which as a consequence, I now know the secret to keeping 40,000 Americans so quiet. I was almost tempted to look for an equivalent running club on my return to Australia, (for all of about 2 seconds!) Ed. Note: If you find one let us know!

The runs that I went on gave me a first-hand in-sight into this particularly beautiful little corner of the U.S. with your woods, rivers and country-side.

I would like to extend my thanks to all of the running Circle members who helped make my stay as pleasant and enjoyable as it was, by welcoming me into the club with over-whelming hospitality and good humour.

G'day to you all,
Bernard

Arcieri, Morrissette Survive Pre-teen Challenge at Stratham

Circle Women placed one-two at the NHSPCA 5K up in Stratham, NH, on May 12. Liz Arcieri held off Teri Morrissette (not Morrissette) to win in 18:58. But the big story of the day was the third place showing of 12 year old Emily Hampson, sister of new Circle member David Hampson. Emily ran 19:27, and but for 2 more seconds might have helped us to RoadKill Kevin O'Leary (19:25).

The top 10 women showed 4 WCRC runners. After the leaders were Suzannah Landreth (8th, 20:48) and Sandy Duvall (9th, 20:50). The men were shut out of the top 10, but George Dirago won the over-60 division by a scant 2 seconds (21:21), and Joel Croteau took the 50-59 (18:37).

New Member Mike St. Laurent was first WCRC (13th, 17:43).

Other Club Runners: Luis Rios (18:05), Tom Miller (18:24), Gerry Boucher (20:29), Janet Parkinson (21:31), Vicki Miller (21:34), Molly Landreth (23:26), who can now say she's beaten Lynn Jennings, it's in the records, Lynn ran mid-pack (24:01) while race directing, Sue Riley (24:55).

Men's winner was Steve O'Connell of Manchester, NH (15:50).

Sparse Showing but the Same Good Time at Newton

Competing for runners in the same week as Two WCRC races just isn't a good idea. Just 73 finishers this year at the Newton, NH 5 miler, usually an early season tradition for many Circle runners. MVS (and occasional WCRC) runner Mick Grant won in 25:49, with New Yorker Charlene Lyford leading lady in 29:06.

Several WCRC runners won age-groups including Pat Huntington, Bob Randall, & George Dirago, and the Circle still managed to maintain a presence here, with 10 runners in the top 23, led by 3rd place Bob Parisi .

WCRC times: Parisi, 3d, 28:40; John "the thin man" Webber, 5th, 29:14; Luis "I'm tired" Rios, 6th, 29:24; Leo Clarke 29:57; Bill Steele 30:16; Ed Liebfried 31:20; John Archacki 32:03; Randall (15th in the 15th annual race, another lucky prize), Don Cloutier 34:09; Dirago 34:41; Huntington 35:40; Leslie Behan 37:58.

A thank-you to Dave Leonard of the MVS for getting us the results. And of course to those who provided the usual

RoadKill Revisited: More Turdbits

"Running Animal" Dept: Bob Randall, A.K.A. "Mr. Microphone, experienced a different kind of "PR" at the recent "Run For the Roses." This one stands for Personal Rejection.....Seems he was ousted from the Postrace Podium in favor of an all female crew. But the ever-resilient Mr. Mike was back in action by Friday, charming the masses at the "Race For Extinction."

Up and Coming (or is that going) Dept: Rapidly improving newcomer Dave Kelly flew over the Plover course in 37:58, something like a 3 minute PR. Then he "Flew the Coop," missing a fine PostRace party and some great opportunities to needle a few clubmates. Maybe it was a Superman imitation???

Coming & Going Dept: Race Director Manning, on the other hand, somehow managed to direct, set-up, time, score, race (fast) and host the aforementioned Dreadnought party. A truly inspirational performance.

Animal of the North: Dan Duvall has been named the "training animal" of the Newmarket contingent. Liz Arcieri revealed that Dan, (not Bill) was the driving force of that hardy band on the long runs of winter'96.

Roadkill Quiz: (Answer elsewhere in this issue?) What do AncientMarathoner Ted Wendt and a pregnant Woman have in common?

Roadside entertainment at the Randell's Pre- Boston "Come One - Come All - We Have Plenty of Parking Party". (Fortunately, no person was seriously hurt, the cars took a beating ,however!!)

What does this have to do with running?

Member Ray Pike turned up at the Carbo (100th RoadKill page 5) (100th RoadKill)

Load. He's planning to sail his boat from California back to this area in the near future. He'd like to meet some Club members in the Caribbean for a race next winter/spring. Hopefully he'll send some details.

Running Animal Update: Randy Strikes Back....The original "running animal" has apparently been reading the press clippings of other "certifiable" running animal types, and appears poised to retake his rightful position. (Where is that, anyway, the chiropractor's???) He ran the day after Boston, 2 weeks after raced on Saturday and ran 13 1/2 on Sunday on one of "Hawkeye" Eastman's "I think I know where we are now, we were only lost for a minute, we had to come out somewhere" road and trail wildgoosechase runs. Then it's off to Vermont for a half-marathon before beginning serious hill work. Somebody tell Randy he's 59 and to save a little for next year.

Looking For Help: RoadKill can be serious bits of info, funny or odd anecdotes, or just about anything that might be of interest. BUT most of all it needs to come from far & wide. This is a big club. So let us know what's going on in YOUR training group, in YOUR area, or with YOU. Jot something down. Or call

(Grand Prix page 5) (Grand Prix)

the point totals will be higher for those categories which generally get more participants. So please don't compare your points with those of an athlete in a different category.):

Male open (20-1), Male Masters (20-1), Female Open (10-1), Female Open (10-1), Female Masters (10-1), Male Srs. (10-1). So the first WC finisher at a designated race in the Female Open would get 10 pts, the tenth would get 1 point. First Male Master gets 20, second 19 etc. The scale will be adjusted UP if the number of WCRC runners exceeds the point scale. (12 female Masters would necessitate 1st place receiving 12 points). The scale will NOT be adjusted DOWN.

Summer Race Schedule:

- May 31 Friday Night Fiver- Andover MA
- June 8 Market Square Days 10K - Portsmouth NH
- June 27 Amesbury Days 5 - Amesbury MA
- July 1 Pat Poletta 5 - Newburyport
- July 4 Kingston 5 - Kingston NH
- July 19 Sapienza 5 - Haverhill MA
- July 30 Yankee Homecoming 10M - Newburyport MA
- Aug ?? Salisbury Beach Run 5 - Salisbury MA
- Aug 15 Saunders 10K - Rye Beach NH (pre enter)
- Aug ?? Merrimac 2 Miler - Merr. MA

Masters Women Make Great Race Directors

The Spring 4 miler, A.K.A. the **April Fools Race**, was a rousing success this year under the leadership of top masters competitors **Paula Holm, Allie McGuinness & Vicki Miller**. The results are unfortunately old news now, So let's just give credit to first WCRC M&F **Buddy Bostick & Liz Arcieri**. Also New Member **David Hampson**, just 18, trailed Buddy by just 2 seconds. The ladies would like to thank all who worked on the race as well as those who ran.

Hey, how about this story? A while ago, a too-foxy, lean shanked woman from the Winner's Circle RC showed up to a race only to discover to her horror that she'd forgotten her beloved running bra. Undaunted, she borrowed an ace bandage from a friend, wrapped 'em up, and started the race. Sadly (depending upon your point of view) the bandage failed miserably, and now the lady has a

For those of you who have not heard, or don't know me, life has taken a bit of a turn as of late, (as of January to be exact).

Gone are the months with several chunks of time - 3, 4, 5, or more days off, gone are the "flights" to here and there; yes it is true I now work 8-5 Monday through Friday!!!! After 20 years of having the afore, aforementioned schedule, it is quite an "adjustment", to say the least!!

So, part of that adjustment is to pass the responsibility of the **Rag** on to the

very competent hands of Ed Liebfried. As you know, Ed has been very much part of the production of the **Rag** for some time, and is looking forward to the task. (He will quickly learn...!!!) No just kidding, it is fun and he will enjoy it.

I thank all of you for your help, and patience over the last year - plus. You haven't heard the last of me though, I hope to continue to contribute articles and lend a hand to Ed.

So here you go Ed, good luck!
